# 2026

## Laboratory Catalogue

**MediMatch**  
DENTAL LABORATORY

# The new standard of dental excellence

Behind every good patient outcome is a dentist who had what they needed: the right technology, solid training, and someone to call when things get complicated.

Medimatch exists to be that support. We supply the tools, share the expertise, and stay involved long after the sale. Because your patients deserve a practice that's always at its best.

Over 2 decades of  
experience

**20+ years**

Servicing thousands  
of Dentists nationwide

**14,000+**

Across a number of  
practices

**3,000+**

**Dr. Kiran Shankla**  
ICON & Whitening KOL

# Sending in your 1st case

Whether you're a digital-first dentist or take a more traditional approach, send us your first case today and experience seamless, high-quality lab support tailored to your workflow.

Here's how:

## DIGITAL CASES

We accept digital files from most scanners.

**Click here** to see how to send your files to the lab and start your first case with MediMatch.

## Sending your files via WeTransfer

Your digital scans can also be sent to [scan@medimatch.co.uk](mailto:scan@medimatch.co.uk) or via WeTransfer or at [medimatch.wetransfer.com](https://www.medimatch.wetransfer.com)

**MediMatch**  
DENTAL LABORATORY

## Sending Traditional Impression Cases to MediMatch

Getting started with MediMatch is simple. Follow these steps to ensure a smooth and secure submission of your first case:

### **Complete the Lab Docket & Customer Data Form**

Attach completed lab docket and customer data form with your first case. View customer data form [here](#).

### **Prepare your impressions**

Ensure all impressions have been disinfected and all models, and case components are packaged securely.

### **Attach a tracked Royal Mail label**

Attach our tracked Royal Mail label (Please note each tracked label has a unique tracking number and therefore is single use only).

Drop it off at your local post office.

020 3875 8530 | [questions@medimatch.co.uk](mailto:questions@medimatch.co.uk)

# Ceramic Crown, Bridges & Veneers Restorations

Every patient is unique, and their restorations should be just as individual.

Our crowns and bridges are designed to restore function while enhancing the natural beauty of every smile. Give your patients lasting strength and aesthetics with Premium Ceramic Restorations.

## Suitable for restorations like

Crowns & Bridges

Veneers

Inlays & Onlays

## Strength, Beauty, and Confidence in Every Restoration

When you need a restoration that looks as good as it performs, Premium Ceramic is the perfect choice. Its lifelike translucency and outstanding strength allow it to blend perfectly with your patient's smile while resisting everyday wear.

Suitable for crowns, bridges, veneers, and implants, these restorations provide a durable, stain-resistant solution that keeps smiles bright and healthy. Give your patients lasting confidence with restorations that feel as natural as they look.

**MediMatch**  
DENTAL LABORATORY

# Is there a **better way to do dentistry** than digital?

**Yes, when your scanner and lab speak the same language.**

When you purchase a scanner from MediMatch Supplies, you're not just buying a piece of equipment, you're connecting directly to a fully digital lab that's built to support your workflow from scan to final restoration.

No third-party barriers.  
No file compatibility issues.  
Just smooth, accurate, efficient dentistry every step of the way.

**Ready to scan, send, and simplify?**
